

CENTRAL INTELLIGENCE AGENCY

OFFICE OF THE DEPUTY DIRECTOR

20 December 1982

NOTE FOR: Joe/DCI

Mr. Pipes has elevated his request for A Team/B Team material to the Clark level. The DDCI still believes that this would be very inappropriate and suggests that Mr. Casey so advise Mr. Clark during their meeting on Wednesday.

MEMORANDUM FOR THE HONORABLE WILLIAM D. CASEY  
The Director of Central Intelligence

SUBJECT: Request for Copies of Material on Team A - Team B  
Experiment (1976) (U)

A member of the NSC staff, Mr. Richard Pipes, would like to acquaint himself with certain materials bearing on the CIA's "Team B" experiment (1976), on which he served as Chairman. Mr. Pipes is familiar with all the pertinent materials on this subject, but he has not seen two sets of data: (1) the information supplied by the CIA to the Senate Intelligence Committee in connection with its inquiry into the Team A - Team B experiment in early 1977; and (2) the final, classified report of the Senate Intelligence Committee resulting from this inquiry, completed in the summer of 1977. (S)

It would be appreciated if you would make it possible for Mr. Pipes to have access to these materials. (U)
